Applied Ontology*

Discussant: Daniele
Radicioni (Turin)

Conclusions

Conference Venue: Sala
Lauree della Scuola di
Scienze Umanistiche
Palazzo Nuovo, via
S. Ottavio 20, Torino

The DR2 Conferences attempt to bring together scholars from different areas willing to apply distant reading and data-driven research to the history of philosophy, broadly conceived, and the history of concepts, so as to offer them the opportunity to discuss and share their ideas. The first DR2 Conference was organized in 2017 in Turin.
